

Syntron 5W-40

Fully Synthetic Premium Engine oil

TECHNICAL DATA SHEET

Product Description:

Veedol Syntron 5W-40 is a high performance fully synthetic premium engine oil formulated with latest lubricant technology system providing unmatched performance in toughest conditions. Veedol Syntron 5W-40 is a perfect blend of superior quality base oils and latest technology additive system ensuring optimum power, performance, fuel efficiency, protection, durability and lower emissions.

Veedol Syntron 5W-40 is most suitable for all modern generation turbocharged/ supercharged petrol and diesel passenger cars.

Performance Specifications:

Meets & Exceeds the performance requirements of

- API SN/CF
- ACEA A3/B4-16
- MB 229.3 / 226.5
- VW 502.00/ 505.00
- BMW LL-01
- Opel GM-LL-B-025 level
- Porsche A40
- Renault 710/ 700

Features/Benefits:

- Excellent piston deposit control.
- Provides optimum performance and engine protection at all operating temperatures.
- Improved fuel efficiency.
- Superior protection against sludge formation and combustion contamination.
- High level of engine cleanliness.
- Excellent cold temperature properties.

Application:

Recommended for all new generation cars manufactured by Mercedes Benz, BMW, Skoda, Volkswagen, Chevrolet, Renault, Nissan, Fiat, Tata and Maruti Suzuki.

Typical Properties:

Test Parameter	ASTM Test Method	Typical Values
Kinematic Viscosity, @ 100°C, cSt	ASTM D 445	13.9
Viscosity Index	ASTM D 2270	169
Flash Point (COC), °C	ASTM D 92	232
Pour Point, °C	ASTM D 97	-36
CCS Viscosity @-30 °C, mPa.s	ASTM D 5293	5400

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
