

Syntron 5W-50

Fully Synthetic Engine Oil

TECHNICAL DATA SHEET

Product Description:

Veedol Syntron 5W-50 is a fully synthetic engine oil formulated to provide long engine life for many types & ages of vehicles providing enhanced protection over a wide temperature range. Veedol Syntron 5W-50 is a perfect blend of superior quality base oils and latest technology additive system ensuring optimum power, performance, fuel efficiency, protection, durability and lower emissions.

Veedol Syntron 5W-50 is most suitable for all modern generation turbocharged/ supercharged petrol and diesel passenger cars.

Performance Specifications:

Meets & Exceeds the performance requirements of

- API SN/CF
- ACEA : A3/ B4-16
- MB-229.3
- BMW LL-01
- VW 505.00
- Porsche A40

Features/Benefits:

- Protects engine under high pressure operation, reduces friction to provide maximum engine performance at high speeds
- Outstanding thermal & oxidation stability
- Excellent piston deposit control.
- Supports fuel economy.
- Superior protection against sludge formation and combustion contamination.
- Excellent cold temperature properties.

Application:

Recommended for all new generation cars manufactured by world leading manufacturers.

Typical Properties:

Test Parameter	ASTM Test Method	Typical Values
Kinematic Viscosity, @ 100°C, cSt	ASTM D 445	18.4
Viscosity Index	ASTM D 2270	176
Flash Point (COC), °C	ASTM D 92	236
Pour Point, °C	ASTM D 97	-36
CCS Viscosity @-30 °C, mPa.s	ASTM D 5293	6200

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
